JUST SAYING -

*The Gospel for today reminds us that the
Eucharist is a memorial of Christ's
sacrifice on the cross.*

*We believe that Jesus is truly present to us
in the elements of bread and wine.
Each time we celebrate this sacrament,
we prepare for the Kingdom of God.*

***This celebration,
as the Second Vatican Council taught us,
is the source and summit of the Christian life.***

***"What return can I make to the Lord for all
He has done for me" Ps116***

Many people find that faith anchors their life. It helps people in their search for God and people find that their parish is the place where they receive spiritual nourishment. When you meet with your attorney to discuss your will and estate plan please include a provision in your will for our parish so that we will be able to continue to be a source of inspiration for generations to come.

A Family Perspective

One gets the impression there was always a lot of sharing, discussion and learning during the many meals Jesus and the disciples ate together. How does this compare to the meals in your home? Today’s gospel challenges us to make our meals more than physical functions and more a time for sharing.

Child Protection and Creating Safe Environments

Prevalence of Child Sexual Abuse: Child sexual abuse is a great deal more prevalent than many imagine. Some studies suggest that as many as one in six boys and one in four girls will be the victim of some form of sexual molestation before the age of 18. That means that, directly or indirectly, child sexual abuse will touch most of us during our lifetime. And although we would like to believe that most accusations are false, the facts tell us that children rarely lie about being molested. In fact, they rarely tell anyone at all. An adult study about the prevalence of sexual abuse found that 42% of the men and 33% of the women who were victimized as children had never told anyone. (Source: Sharon Womak Doty, “Refresher from the Protecting God’s Children® Program”) To see what the Diocese of Erie is doing to help create safe environments, check out <http://www.eriercd.org/>
