**Remembering Our Baptism! ...** How many of us remember our Baptism? How many of us know exactly what day it was on? Baptism is sometimes remembered as or thought upon as something that happened a long time ago, that was very private and it made us Catholic. But it is much more than that – it was the beginning of a life-long journey where we began to grow as members in the Body of Christ.

I recall reading about a Pope who was interviewed shortly after he was enthroned and was asked ‘I suppose that was the most important day of your whole life?’ ‘Oh no,’ said the Pope, the most important day of my life was the day of my Baptism! Our Baptism was also very special and perhaps the most important day of our life. It was on that day we were given the meaning and purpose for how we are to live the rest of our lives.

Just as Jesus emerged from the water with a mission and purpose, so too did we emerge from our Baptismal waters with a mission and purpose to follow Christ. Our baptism was much more than a ceremony that lasted a few minutes - it was the beginning of a lifelong journey of a new life in Christ, opening the door to eternal life.

At our Baptism our parents and godparents made a promise and accepted the responsibility of raising us in the faith. As adults it is our responsibility to maintain and nurture our faith by staying true to our call to discipleship placing Christ as the center of our lives.

Our baptism call is often difficult with many responsibilities. Whether we are called to be students, teachers, parents, or whatever our call may be, we are commissioned to live good Christian lives on a day-to-day basis by being kind, generous, forgiving, and understanding of others. Now is a good time to pause and reflect on our Baptism call and commitment. Are we following Jesus and living our lives dedicated to his teachings?

Today, as he does each day, Jesus looks on each of us and says “You are my beloved, on you my favor rests and I love you very much.”
