Child Protection and Creating Safe Environments—

Documentation for Safety: All employees, volunteers and clergy in the Diocese of Erie who work with children must undergo criminal record checks. The Diocesan Policy for the Protection of Children and Youth screening guidelines and abuse prevention training programs emphasize the importance of knowing the employees and volunteers who have access to children in our schools and parishes. Parents should remain vigilant in insisting that those with access to their children have gone through an application process and obtained the required clearances and trainings before being granted access to their children. To See what documentation and training is required in the diocese, visit <https://www.eriecd.org/childprotection/>
