**Child Protection and Creating Safe Environments**  
**Listen to your children:**

This summer, when your children are out of school and on different schedules, meeting new people and going to new places, make sure that you talk to them often about their experiences and the people they’ve met. Listen carefully to your children. If possible, observe and get to know the other children and adults who are part of your children’s summertime fun. Above all, communicate your safety concerns to your children. Make sure they know that they can come to you with any concerns they may have about the people they interact with. And if you hear of or observe behaviors that may be inappropriate, make sure to communicate your feelings to people who are in a position to intervene. Communications is key to creating and maintaining a safe environment all year round. To see what the Diocese of Erie is doing to help create safe environments, check out <http://www.eriercd.org/protectyouth.htm>
