Deacon Ben's Corner

What the Word Deacon Means:

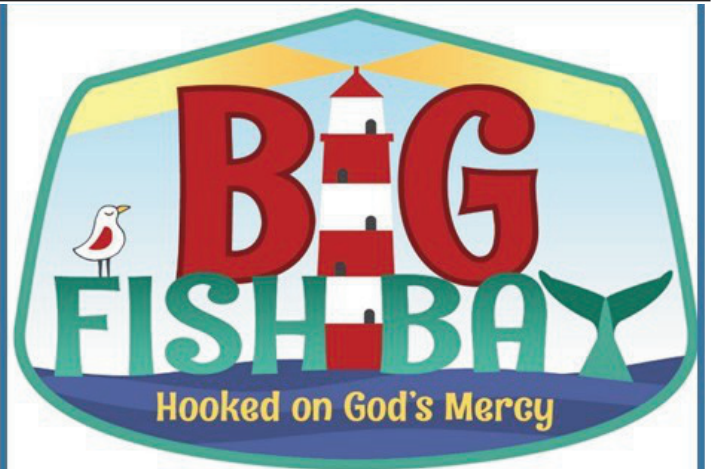

The word deacon derives from the Greek word *diákonos*. It means servant, minister, even messenger. The deacon receives the laying on of hands from the bishop – signifying the role that a deacon plays in relation to the bishop. Deacons are *to serve*. Period.

"It is the task of deacons to assist the bishop and priests in the celebration of the divine mysteries, above all the Eucharist, in the distribution of Holy Communion, in assisting at and blessing marriages, in the proclamation of the Gospel and preaching, in presiding over funerals, and in dedicating themselves to the various ministries of charity" (*Catechism of the Catholic Church*, 1570).

We see the origins of the deacon in the *Acts of the Apostles*. The early Church was growing, and the Apostles needed assistance, "So the twelve summoned the congregation of the disciples and said, 'It is not desirable for us to neglect the word of God in order to serve tables (serve the poor, the widows, etc.). Instead, brothers and sisters, select from among you seven men of good reputation, full of the Spirit and of wisdom, whom we may put in charge of this task'" (Acts of the Apostles 6: 2-3).

It is clear that the role of the deacon is *to serve* and *to serve in a non-competitive way* – that what he gives to the poor and to the widow does not take away from himself. In fact, only the opposite can be true. The deacon receives precisely in the measure that he gives.
