Hats and mittens were made this winter and given to children in our community. If this is a ministry you might be interested in please call the parish office.

**Child Protection and Creating Safe Environments**

**Child Abuse Prevention Month— Be Vigilant—**It is vitally important that we are constantly vigilant concerning the behaviors of those who interact with children. And we must always communicate our concerns to the appropriate parties. Sometimes this means communicating our safety concerns to our children. And sometimes this means communicating our concerns about seemingly inappropriate behavior to those who are in a position to intervene. Parents must also listen carefully to their children and observe both their children’s activities and the behavior of older children and adults who interact with them. When children exhibit dramatic behavioral changes, adults must find out what caused the changes. Being aware of what’s happening with our children means talking to, listening to, and observing them at every opportunity. *For particular questions on reporting abuse you may call: **Cindy Zemcik, Coordinator for the Office for the Protection of Children and Youth in the Diocese of Erie at 814-824-1195.***
