If you or someone you know would like to be a part of this group, please stop by the parish office to pick up a nomination form. Let us pray that the Holy Spirit will guide us in our process.

Child Protection and Creating Safe Environments- Digital Safety and Your Child: If your child gives out personal information while online, it is easy to track and tough to completely remove. Teach your child to never share personal information such as full name, address, phone number, email, school, or birthday on any social media site. Teach them to never give anyone their passwords. Help your child set up strong passwords and do a yearly checkup on them. Adjust privacy settings for online games, apps, social media sites and your child's electronic devices. Don't forget to check the GPS settings ability to unintentionally share your child's location. Avoid using public wi-fi when sharing personal information.
