Child Protection and Creating Safe Environment
Digital safety and keeping your child’s personal information personal: If your child gives out personal information over the internet, it is easy to track and tough to completely remove. Teach your children to never give out personal information, such as: full name, address, phone number, email, school, or birthday on any social media site. Help your child set up strong passwords (alphanumeric) and do a yearly checkup on passwords. Adjust privacy settings for online games, apps, social media sites and your child’s electronic devices. Don’t forget to check the GPS settings ability to unintentionally share your child’s location. Avoid using public wi-fi when sharing personal information. Visit <https://www.eriesd.org/childprotection/> to see what the diocese is doing to help maintain safe environments for children and youth.

Pope Francis requests a Marathon of Prayer during the Month of May to end the Pandemic. He opened the Marathon on Saturday, May 1st by leading a rosary from St. Peter's Basilica. During the month of May, the Holy Father said, "the many people who have been afflicted by the Virus, and who continue to suffer the consequences of the Pandemic, will be entrusted to the Blessed Virgin Mary, Mother of Mercy." Please seriously consider joining this world-wide Marathon of Prayer to end the Pandemic.
