

**FROM THE PASTOR'S DESK**

By now you have all noticed that the stained-glass windows on the east side of the church have been replaced by brown paper. The process of restoration has begun. Marchione Studio of Canton, Ohio is the artistic restoration experts we have employed. The entire process is expected to last 4-5 months depending on the amount of broken glass they find when they take the windows apart. The original French studio who produced the windows also produced windows for St. Mark's Center in Erie and St. Joseph Church, Sharon.

We are expecting the electricians working on the lights in the church to return this week. Hopefully, they will find the right size lift to fit through the doors in the church. The refitting of the lights in the church shouldn't take all that long.

I had dinner with Fr. Steve, our new neighbor to the east last Friday. He is adjusting to life in Warren with a few mishaps. The transition from school ministry to parish ministry does take some time. He is a good man and we wish him well. We look forward to working with him.

Hard to believe that the Warren County Fair is over for another year. Thanks to all who worked so hard to make the Fair Booth a success. Enjoy your well-earned rest! *Father Rick*

There will be a collection for the Church in Latin America this next weekend. To learn more about how you can make a difference, please visit [www.usccb.org/latin-america](http://www.usccb.org/latin-america).
